

Resort Kids Zone Proposal

Alicia Kim

Kids Zone case study

1. Nursery of the future (Dubai)

<https://www.architonic.com/en/project/roar-design-studio-ora-nursery-of-the-future/20028666>

2. Emphasizing curves and **organic shapes** while utilizing a single **primary color**

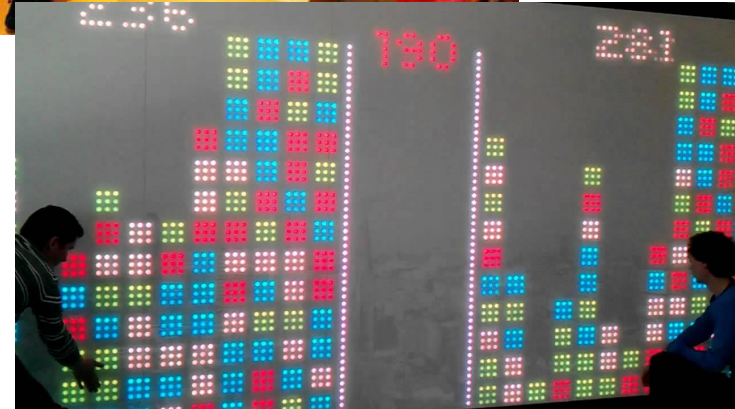

3. Interactive Kids Play Zone

- The Nebula utilizes LED lights and a high tech interactive technology to provide the kids a special experience.
- Sensors attached to the LED lights react when the Nebula wall is touched, hence visualizing the kids' movements.

Nebula Interactive Wall

Ideation & Hand Sketch

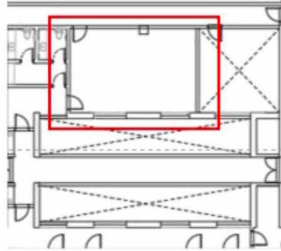

* 광복리 (4)

8.8m 5.6m

- 교육
- 놀이
- 카페 / 휴식 공간
- 식사
- 어른 table

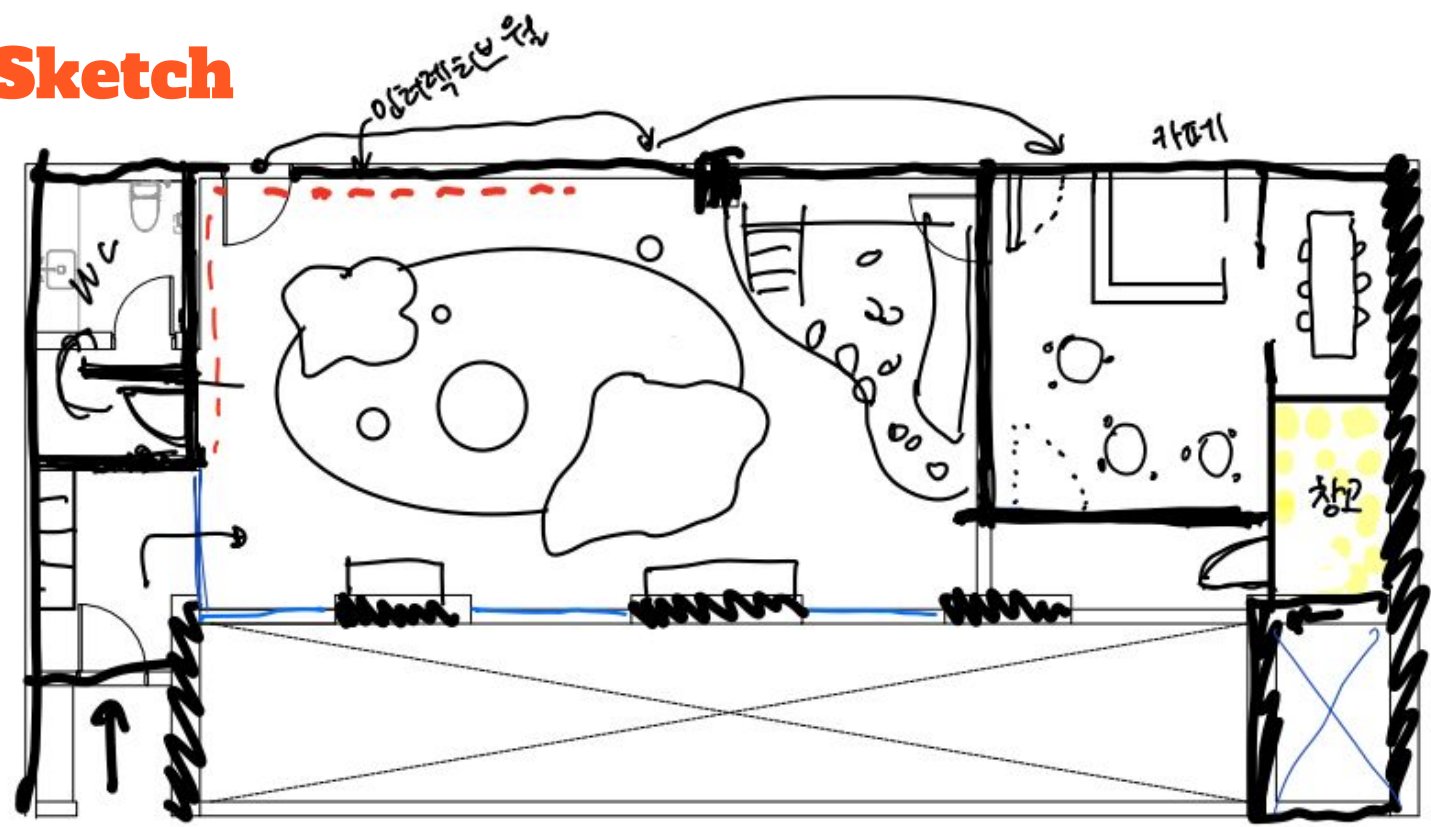

+ 화장실

Brainstorming and researching by dividing the kids play space into four partitions, then combining the partitions into one by hand sketching
